

# KITA MITCHELL

## Testimonials

Thank you very much for taking part in the Bookfeast Schools Festival last week. The children and teachers loved hearing about your books, and everyone went away truly inspired and bursting with ideas and writing tips.

Kita was lovely, she really held the children's attention and was really interested to see their reading choices. I've had four children come to me this morning to say they have read her book over the weekend and it was brilliant, so funny! Thanks again, it was very inspirational.

Just wanted to say a massive thank you for coming to Roose Primary School on Friday. The children gained so much from meeting you and discussing writing. This will be a great memory from their time at Roose and we appreciate you making the long Journey.

Kita Mitchell is a fabulous author and her events are always filled with fun and inspiration. The multiple events with schools and the community that we have shared with Kita have all found the children engaged - spellbound - though her generosity of ideas, warmth, and her wonderful activities! From reading to writing and lots of in-between, we fully recommend an author event with Kita Mitchell to inspire the curious and reluctant alike.
